<p>STATUS: IDEM and BP Amoco representatives negotiated an Agreed Order for corrective actions at the facility. BP AMOCO has installed several free product recovery systems as well as elevated their pipelines above ground to prevent the release of further free product into the groundwater. BP AMOCO continues to recover free product as well as remediate contaminated groundwater.</p> <p>BP AMOCO is scheduled to develop a new sampling plan and a human health risk assessment to determine what risks the site may pose to human health and the environment.</p> <p>IDEM has been working with the City of Hammond to redevelop portions of the facility. An economic study plan is scheduled for submittal. BP Amoco is currently participating in the Resource Conservation and Recovery Act (RCRA) Corrective Action Program. Please contact Chris Myer for more information.</p>
